ATKINSON STARTS

Has Leave Of Absence For Period Of Two Months

Secretary Atkinson left for the mainland in the China this morning on a two-months' leave of absence. While he stated that he was going to San Prancisco, Vancouver and "possibly" East, and would be absent three weeks or "possibly" longer, it may well be considered a foregone conclusion that the Secretary will strike New York on his travels, in order to look up the job which was offered him some time ago. He has been intending to make such a trip for some time past, and would, as a matter of fact, probably have started some time since had it not been for the fact that the publicity given his intended departure some-

ity given his intended departure some-what disturbed his plans.
During the Secretary's absence there will be no "Acting Secretary," there being no provision by law for such an appointment. Anyhow, the Secretary's duties have for some time past ap-peared to be of a more or less nominal order, such as can be easily attended to be his staff. o by his staff.

DEMOCRATS ENDORSE

The following have been endorsed by the Ninth and Teath Precincts, Fifth District, by the Democrats: For Governor, Joseph O. Carter.

vertise the sale of 9.8 acres of Government land at Makiki, behind the Baldwin, Howard and Hocking residences, to ake place on Oct, 12. The land will be sold in five lots at an upset price of about \$2000 an acre.

On the motion of Assistant County Attorney J. W. Cathcart, Judge De Bolt today suspended sentence for thirteen months in the case of Anin, an old Chinese, who claims to have been in Hawaii tor 52 years, without ever appearing before a court. Internal Revenue Collector Cham-

internal Revenue Collector Cham-berlain has received copies of the new wine bill and denaturized alcohol bill. The latter, it is thought, may be of in-terest to plantations, as it allows the making and Jenaturizing of alcohol for fuel and other purposes, without pay

ment of a heavy tax.

The following is a translation of an article appearing in local Chinese newspapers: "We, the 500 Chinese passengers of the steamer Manchuria bound from San Francisco to China tunfortunately the sald steamer me: disaster on the Walmanalo reef, Island of Oahu,—we then were transferred from the ship to the Quarantine Isl and for a period of 10 days) hereby wish to say that there is a gentleman by the name of Capt, J. F. Janes, watchman of the place, who is hon-est and true and rendered great assistance to us to make our stay ple ant. We hereby take pleasure thank him openly."

IN DEEP MYSTERY

The story of Secretary Atkinson's

The story of Secretary Atkinson's future as told previous to his departure was to the following effect:

That Secretary Atkinson would leave the city ostensibly for a vacation but in fact to take up with his alleged Cuban scheme. Having arrived and completed the deal he would resign while away and J. P. Cooke be appointed to take the offee of Secretary. ed to take the office of Secretary

Atkinson was asked concerning the report some weeks before he weat away. He said it was not all true. He was going away but if he resigned he would return, and as to his successor J. P4 Cooke nor anyone else had been mentioned.

The only cause to credit the report

is that the Secretary left on schedule time according to the prediction. Since the Cooper Governorship matter has the Cooper Governorship matter has come to the front the statement is made that Jack has been putting up the resignation story as a bluff and as a matter of fact is lying low to silence opposition to his appointment to the Governorship. Atkinson, however, has been very free with the assertion that he is distinctly out of it by preference.

Meanwhile the tabbles talk of the time when Jack, on his return from

time when Jack, on his return from one of his trips, said or is said to have

"I had rather be a lamp post on Broadway in New York than the Gov-ernor of Hawaii."

Naturally by being in a public posi-tion and in a way to make enemies some said they recommended him to the lamppost.

The Leonard

WE CAN PROVE IT.

Leonard Cleanable Refrigerators are built with eight walls, each wall as follows: outside is wood, then dead air space, then a layer of parch-ment sheathing, then a layer of mineral wool, then a waterproof sheathing and finally the inside zinc wall. Air cannot possibly pass through these barriers and the air within is dry and pure. The doors are airtight.

The ice is protected from outside heat and cannot melt rapidly. Take a match and leave it in the Leonard all night; then strike it.

This is the test for dampness. Very few refrigerators can stand it. The Leonard is dry and keeps food pure and fresh. The Leonard Cleanable Refrigerator is easiest in the world to clean.

The inside parts are made to be removed and you can get into every corner. The circulation of air is founded on the latest scientific principles. It is economical because it saves ice and is strongly constructed. We

Hackfeld & Co., Ltd.,

HEAT vs. COST

If you will consider the cost of the wood alcohol you use in your chafing dish lamp and compare it with the expense of cooking on a gas stove you will take to the latter at the expense will take to the latter at the expense of throwing away the chafing dish. Gas will heat your cooking utensil in shorter time and for less money than any other fuel. It is the most economical and cleanest for every purpose. If you doubt this we will give you a hot plate with two burners to aid in convincing you that we are right.
